WATER OR WAR.

The Dam Shutting off Alexandria's Water Supply to be Blown up.

Proclamations Issued by Arabi Pasha—Massacre of Europeans at Cairo.

Destructive Deluge in Bohemia—Forty-seven Persons Drowned in the Flood.

Heavy Fires at St. Louis and Sturgeon—Counterfeiters Captured.

The Situation Brightening

(By Cable to the Sentinel.)

ALEXANDRIA, July 21.—All the French ships have left here and the United States flag ship has gone to Orindish. The markets and bourses are reopening for business. It will not be surprising if Arabi Pasha's measures in regard to the water supply of Alexandria led to the immediate advance of British troops. Major General Allison telegraphed home for instructions. An Arab spy states that the damming of the Mahmoudieh canal has flooded the country. Water in places is knee deep.

MASSACRE AT CAIRO.

A refugee from Cairo reports that numerous massacres of Europeans took place Monday on the outskirts of that city.

THE CANAL OBSTRUCTION.

Major General Allison will leave here to-morrow with a detachment of troops to blow up the obstruction in the Mahmoudieh canal.

OFFICIAL REPORT.

The official naval report of the bombardment of Alexandria says that eight iron-clads were sunk, two burned and four captured, and that the latter would be brought to Cairo.

THE MASSACRES.

A letter from the interior confirms the reports of massacres at Cairo and Damietta. At Calamba a family was taken from a railway train and put under the wheels. All the employees of the survey at Tante have been killed, including two English engineers named Crowten and McAllan. A sheik and governor tried to save them, but were unable.

ARABI PASHA'S PROCLAMATIONS.

On the evacuation of Alexandria Arabi Pasha issued the following proclamation: "Murders were at the khedive's instigation. The English were killed with sword and shot in revenge by Egyptians who were left to guard the city. The khedive remains at night with his women aloft among the English and returns to shore in the day time to order a continuance of the slaughter, therefore, I issue my order to continue raising soldiers."

SECOND PROCLAMATION.

The second proclamation of Arabi Pasha says: "The khedive has imprisoned his ministers at Alexandria in order that they might be instruments in English hands. The telegrams dispatched by Ragheb Pasha authorizing a cessation of military preparations were forcibly extorted from him, and are therefore invalid. An irreconcilable war exists between us and the English."

Granville Sends a Telling Dispatch.

(By Cable to the Sentinel.)

LONDON, July 21.—A long dispatch from Granville to Lord Dufferin, English ambassador of Constantinople, dated July 11th, is published. After justifying the bombardment of Alexandria, the dispatch states that her majesty's government now sees no alternative but to resource to force to put an end to the intolerable state of affairs in Egypt. It would be most in accordance with the principle of international law that force should be that of sovereign powers. If this is impracticable on account of the unwillingness of the sultan to act, it will become necessary to devise other measures. Her majesty's government continues to hold the view that any intervention should represent the united action and authority of Europe. They have in fact no intention of objects in regard to Egypt inconsistent with those of the rest of

Europe or of the Egyptian people. Their desire is that the navigation of the canal shall be unrestricted, that Egypt shall be well and quietly governed, free from the predominating influence of any single power, that international engagements shall be observed, and those of the British commercial and industrial interests, which have been so largely developed in Egypt shall receive due protection from outrages, a principle which is essential for our interests in all parts of the world. Their policy has been consistent, they have loyally kept their engagements with France, and have been anxious that other powers be informed and consulted on all matters materially affecting the position of the country. The action which their admiral has been compelled to resort to has not altered their views."

The Corps for Egypt.

MARSEILLES, July 21.—Orders have been received at the naval arsenal at Toulon to take measures for receiving in the barracks, next week, the different battalions which are to form the corps for Egypt.

Arabi's Tactics.

PORT SAID, July 21.—Arabi Pasha, after the bombardment of Alexandria, spread the report that the English troops had been defeated. The conduct of the natives consequently has been very insolent. The position is critical.

The Porte's Proposition.

CONSTANTINOPLE, July 21.—It is expected the Porte will propose that either a Turkish commission shall accompany the English and French troops, or that Europeans hold the Suez canal while the Turks operate elsewhere.

The Italian Squadron.

ROME, July 21.—A permanent squadron, composed of four iron-clads, were ordered to proceed to Alexandria.

Ten Houses Burned.

STURGEON, Mo., July 21.—By a conflagration here last night ten frame buildings were burned. Loss, \$5,000; insured.

Sudden Death.

BOBENTOWN, N. J., July 21.—Fanny Parnell, sister of Charles Stewart Parnell, died suddenly at Old Ironside, this city, last evening, from paralysis of the heart.

Re-nominated by Acclamation.

INDIANAPOLIS, July 21.—The democratic congressional convention at Lawrenceburg, Ind., yesterday nominated Representative Holman for re-election by acclamation.

Horrible Accident.

MANSFIELD, Ohio, July 21.—John Beason, a coal digger at Camp Creek mines, was instantly killed by a blast. He had fired the fuse and returned for his tools, when the roof immediately fell, crushing him terribly.

Destructive Deluge in Bohemia.

VIRNA, July 21.—A deluge of rain occurred in Bohemia. The destruction of property and crops is incalculable. The bodies of forty-seven persons, drowned, have been recovered. A large part of the harvest in Bohemia is destroyed.

Bradlaugh Arrested.

LONDON, July 21.—Mr. Bradlaugh and three other defendants, connected with the publication of the Free Thinker, were committed for trial on a charge of publishing blasphemous libels. Bradlaugh was subsequently admitted to bail in £100.

Hung for Murder.

NEW YORK, July 21.—James F. Walsh, murderer of Barbara Green, was executed in the Raymond street jail, Brooklyn, this morning in the presence of about 300 spectators. When the drop fell the knot slipped around Walsh's neck and he died from strangulation.

Fire at St. Louis.

ST. LOUIS, July 21.—The Central avenue planing mill, owned by a joint stock company, burned early this morning. Loss, about \$100,000; insured.

Buck's railway supply house was severely damaged by fire this morning. Loss, about \$30,000; fully insured.

Counterfeiters Captured.

(By Telegraph to the Sentinel.)
ST. LOUIS, July 21.—A band of counterfeiters have been arrested by the police. Names are Wm. Hall, alias Winkler; W. H. Perry, alias Weaver, alias Teeney; Ben Southern, alias Bennet Clark, alias Bennet, alias Bassett; Mollie Hall, alias Newton; and Wm. Anderson. The gang is believed to be the manufacturers of spurious coin.

Commercial Statement.

(By Telegraph to the Sentinel.)
NEW YORK, July 21.—Failures in business, as reported in New York for the week are 124 against 121 last week. The bulk of them were in the western states, distributed as follows: Eastern, 16; western, 45; southern, 22; middle, 25; Pacific coast and territories, 13; New York City and Brooklyn, 3. New York City business never was more free.

A Fearful Fall.

(By Telegraph to the Sentinel.)
CLEVELAND, July 21.—A five year old son of Wm. Lewis, playing near his home, in East Rockport, on the bank of the lake fell over the edge of the precipitous cliff which there rises seventy feet perpendicularly above the water, and was drowned. After vain search last night, the bereaved father came to this city to-day for assistance to recover the body of his child.

A Severe Earthquake.

(By Telegraph to the Sentinel.)
CITY OF MEXICO, July 21.—The earthquake Wednesday was severe in many places than here, especially in the south. In Ingala, a church is in ruins. In Yantepec, a church fell, killing four persons.

Geo. Small, an old man who lived for a long time on the Olds farm, was sent to the county asylum yesterday with his wife and children. Alex. Lauferty has curtailed business hours for the present, and amuses himself by dauding a big eyed girl baby lately arrived.

This morning the deputy marshals arrested the notorious nigger, Sam Ward, and an Irishman. Both were fighting on Columbia street.

The indications for the lower lake region are fair weather, light variable winds mostly southwesterly, stationary temperature and pressure.

Manager Aronson was not in the city yesterday to participate in the victory of his Fort Wayne nine. He was telegraphed the result at Delphos, O.

Last night W. J. Raymond applied at the station for lodging. This man long ago was editor of a Cleveland daily newspaper, but is now a loathsome tramp.

Finis Cartwright and family left for Racine, Wis., this afternoon. Mr. Cartwright will return in a few days, but his family will remain at Racine during the summer months.

A. Shrimpton, the contractor, will shortly make a proposition to the Masonic temple association relative to completing that disgraceful pile. We haven't any faith in such schemes now.

The Daily Sentinel

FRIDAY, JULY 21

THE CITY.

There are no new developments in
 the Cooper tragedy.
 A new Catholic church and school
 house are to be erected at Andrews.
 Rev. E. O. Carter, a Universalist
 clergyman of Minneapolis, Minn., is
 in the city.

Thomas Hill, a negro tramp, was
 sent over the river this morning for
 sixteen days.
 F. O. Cooper, of the Gazette, has re-
 turned from celebrating the first an-
 niversary of his marriage at Chicago.

Henry Manning was yesterday at
 Laurensburg, Dearborn county, and
 attended the congressional conven-
 tion.

An effort is being made to establish
 a telephone line between Huntington
 and this city. Subscriptions are now
 circulated.

A large addition to St. Augustine's
 Academy will be built immediately.
 Kendrick and Shrimpton are the
 architects and contractors.

This morning George Wallace, a
 young man from Warsaw, squealed
 to the police. He claims to have been
 beaten out of \$2 by the dice racket.

Last night a well known business
 man was capiased at suit of a man
 holding a note. The business man
 settled, though caused much annoy-
 ance.

The marriage of Mr. Will J. Vesey
 of this city, and Miss Madge Stude-
 baker, of Decatur, takes place Tues-
 day. Numerous persons from this
 city will attend.

Winifred Simons, brother of O. A.
 Simons, and Pittsburg agent at Ply-
 mouth, is in the city to day, accom-
 panied by his son. They are the
 guests of O. A. Simons.

J. W. Barnes leaves Monday for
 Bryan, Ohio, where he becomes busi-
 ness of the Fountain City house. Mr.
 Barnes has been for a long time the
 valued employe of Friend's Enter-
 prise.

Judge Holman, of Laurensburg,
 Dearborn county, for past twenty
 years representative in congress, was
 re-nominated yesterday. The judge is
 the uncle of the Hon. A. H. and M.
 Hamilton, of this city.

At the fair grounds yesterday a
 fellow made an uncomplimentary al-
 lusion to another chap's mother, and
 the consequence was the indiscreet
 person was suddenly knocked down.
 Captain Diehl's arrival saved the pro-
 strate man from more treatment of the
 same kind.

To-day Sheriff Congrove received
 the requisition papers in the case of
 Howard, the alleged Monroville safe-
 cracker, with the information that at
 last enough red tape had been con-
 sumed to make the documents duly
 legal. The sheriff left this morning
 for Lima, O., to bring back Howard
 who has been held there in confine-
 ment since Saturday.

A large bulldog got after Perry's
 grayhound last night. The hound
 was uninjured, but a small boy upset
 by collision with the footling and
 frightened animal howled piteously
 until Perry appeared him with a spu-
 rious quarter. The care of that cursed
 dog has worn furrows on the owner's
 brow and sadly depleted his ex-
 chequer. It costs about as much to
 keep a fine bred dog as an elephant.

Justice Pratt was in luck yesterday.
 He married a Paulding couple, and
 kissed the bride of course. Shortly
 after the newly married couple left the
 office a messenger returned and gave
 the justice a heavy plain gold ring,
 accompanied by a faint note from the
 bride, which styled the astonished and
 delighted magistrate "the most
 accomplished kisser of the age."

Justice Pratt presented the jewel to
 his daughter, Miss Mattie.

Yesterday afternoon, Mr. T. P.
 Keator, managing editor of the Gazette,
 was arrested on a charge of criminal
 libel preferred by Frank Fitzgerald,
 the Clinton street saloon keeper. Mr.
 Keator in a paragraph had called the
 attention of the police to a "dive" on
 that thoroughfare, not, however, giv-
 ing names. Finally upon the editor
 explaining that Fitzgerald's place was
 not a dive, but a saloon, Mr. Keator
 explained, the saloon man's story-
 teller, consented to dismiss proceed-
 ings.

City Clerk Wright, Rockhill, was
 with the Knight last night.
 Three or three Indian maid
 Bowders in the Indianapolis nine.
 The policemen will realize enough
 from their excursion to Rome City to
 pay for their uniforms.

People are afraid to leave the city
 for a summer sojourn for fear the
 newspapers will cry "skipped."
 John Babus, the tailor, accompanied
 by his friend Homer McOren, of Col-
 umbia City, attended the races at Chi-
 cago.

Professor Joost has purchased the
 Jenkinson homestead, 182 West Jef-
 ferson street, where he is at present re-
 siding.

Stephen Fletcher, south depot agent
 of the Adams Express company, is
 confined to his bed by congestion of
 the lungs.

A pleasant dance took place last even-
 ing in the hall formerly used by Eck-
 ford's dancing school. A number
 were present and had an agreeable
 time.

Al Foote is making an excellent
 umpire. His decisions are regarded
 as most impartial and fair. There is
 no better posted man on base ball in
 the city.

Last night the newly organized
 "Delmonico" club gave a pleasant hop
 at Eckford hall. The music was good
 and the young people much enjoyed
 themselves.

A Pittsburg fireman last night
 shadowed a young hood who, the fire-
 man suspected, had his wife in a
 buggy. The gay young man was quite
 innocent of any such intention.

To-day the firm of L. Pelletier & Co.,
 undertakers, was organized. The
 junior partner is Mr. Frank W. Mc-
 gear. Mr. Pelletier, sr., retires to enjoy
 the fruits of a busy and well spent
 life.

Miss Etta Hilligass, the accomplish-
 ed young daughter of Capt. W. J.
 Hilligass, editor of the Huntington
 Democrat, is in the city, the guest of
 Mrs. Geo. R. Hench, of 169 Clinton
 street.

The Italian peanut vendors gather
 together of nights after their work is
 finished and exchange reminiscences
 of the sunny land. They have organ-
 ized a protective club called the
 "Societa Della Roma."

Our clever young friend, "Doc"
 Snyder, thinks the newspapers are too
 personal with him through envy of
 his popularity with the fair sex. Syn-
 der will yet be goaded into a fight and
 blood will fairly pour.

This evening the second of the
 series of trotting matches takes place
 at Swinney park. Some of the best
 steppers in the city came down the
 home stretch last Tuesday, and the
 track will be well occupied to-night.

A pamphlet of 160 pages has just
 been issued from this office for the
 Bass Foundry and Machine Works.
 The book contains one of the machi-
 nery cast at this great establish-
 ment, as well as a price list for 1882
 and 1883.

Norman Franklin, known profes-
 sionally as Billy Wade, arrived in the
 city last night, and is visiting his
 mother, Mrs. Col. O. B. Oakley. The
 song and dance team of Wade and
 LaGiede continues next season. They
 closed Sunday night at the Park the-
 atre, Chicago.

Frank Fitzgerald's establishment
 on Clinton street has lately been so
 much discussed that a reporter made
 some enquiry about it and learned
 from the police that the best of order
 is enforced. Mr. Fitzgerald is a man
 who allows no drunkenness or brawling
 in his house.

Yesterday evening at 7:15 the re-
 mains of the unfortunate Fanny Cresson
 were sent to her parents, at Sand-
 ducky, via the Wabash road. Her
 cousin, a young lady, came on last
 night, but the body had been shipped
 by L. Pelletier & Co. The dead girl
 was the only daughter of Mr. and
 Mrs. Cresson, who are people in hum-
 ble circumstances. They are nearly
 crazed with grief.

Approps of the row among the
 society ladies in the west and about
 those ill-fated skates, it is said that
 the other day a young lady called at
 the residence of one of the ladies
 aggrieved to explain and was told the
 polite, yet vicious fiction, "not at
 home," though she sat all the time in
 full view at a window. This little
 episode has set clacking the gossip
 tongues at Berry and Wayne streets.

BOWERS IS BACK
 To Contract With Calhoun Street
 He Thinks It Hard That a
 Fellow Can't Take a
 Pleasure Trip With-
 out Being Brand-
 ed as an Ab-
 seorder.

This morning, a solicitous friend
 of a SENTINEL reporter came to him
 in a state of excessive confidence and
 whispered excitedly: "Joe Bowers is
 back and is looking for you with a
 big gun. Get out of the way, Mosey!"

A few minutes later the reporter
 saw the huge form of Joe Bowers
 bearing down on him. There was an
 ominous gleam in his eye, which was
 reflected on his glasses, and the re-
 porter hesitated whether to fly or
 draw his scissors and cry "lay on!"

Joe approached and was so quiet that
 the newspaper man mustered up
 enough courage to remark with a
 show of carelessness, "Well, Joe, old
 boy, you are back in spite of it." Mr.
 Bowers was indignant of course at the
 reports which made him a fugitive
 from his creditors, and explained. He
 said that in company with numerous
 gentlemen, including Councilmen
 Bolts and Vandemark, he went to
 Chicago to take in the races, taking
 nothing with him but the raiment he
 wore. He affirmed that his intention
 was never to beat anybody, and more-
 over that he was able to pay all bills
 he has incurred. He said he had no
 intention of throwing up his contract
 for the Broadway sewer, and is to-day
 taking legal advice to compel the city
 to keep faith with him. Regarding
 the selling of his sidewalk estimates,
 it was a fair and square transac-
 tion with Mr. S. T. Davis
 and the business of nobody else. Mr.
 Bowers carried no woman with him
 to Chicago, nor has he deserted his
 family, though as is well known, he
 does not live with his wife, but at the
 same time provides for her support.

Undoubtedly persons have jumped
 at hasty conclusions regarding the ab-
 sence of Mr. Bowers, and have done
 him grievous injustice. THE SENTI-
 NEL is glad to be able to set him right
 in the eyes of the community.

Resolution of Thanks.
 The Warsaw Indian contains the
 following:
 The other day George Moon senior
 and junior, of this city, including their
 families, received a very elaborately
 decorated and tastefully framed copy of
 a resolution passed by Fort Wayne
 Commandery, No. 4, of the city of
 Fort Wayne, in honor of their visit
 to this place on the day of the cor-
 ner stone laying, and the reception
 extended to the Sir Knights by the
 Moons—father and son—on that day.
 As a specimen of high art, in the line
 of beautiful penmanship, we have
 seldom, if ever, seen it excelled. It
 is exceedingly tasty in arrangement,
 and in all its details, is a souvenir that
 will no doubt be highly prized. The
 following is a copy of the resolution:

Resolved, That the profound thanks
 of this commandery be, and the same
 are hereby tendered our generous
 hosts, Eminent Sir George Moon and
 family, and Sir Knight George Moon,
 jr., and wife, of Warsaw, Ind., for
 their hospitable treatment at their
 residence on May 25th, 1882, for the
 occasion of the laying of the corner
 stone of the Kosciuszko county court
 house, and that we beg to assure them
 that both the generous tender of their
 royal hospitality and the pleasure af-
 forded us in the acceptance of the
 same will ever be gratefully remem-
 bered. May the pilgrimage through
 life of our distinguished Warsaw
 friends be as happy as was the brief
 sojourn of their Fort Wayne benefi-
 caries beneath their ample roof.

 Eminent Commander.

The Ball Game.
 A large crowd, including a number
 of ladies, assembled at Swinney park
 yesterday to see our victorious Golden
 Eagles vanquish the Indianapolis
 nine. The Indianapolis boys won the
 toss and the Golden Eagles went to
 bat. The odds were against the visit-
 ing nine in the first inning, owing to
 the accumulation of misfortunes
 which disabled some of their best
 men. Himbow, the catcher, split his
 thumb and had to change, and W.
 Bowders, his successor, was also dis-
 abled by a foul. The club is com-
 posed of good material, the catcher,
 short stop and first baseman being
 crack players. The Indianapolis nine
 possibly did much to lose the game by
 not running back on fouls. This was
 also a fault of the home club. M. Jones
 acted as catcher yesterday, and demon-
 strated his ability to be equally super-
 ior behind as before the bat. Billy
 Meyers, distinguished himself by some
 fine running catches, the best of the
 season. We are glad to see that he
 has reconsidered his determination to
 leave the nine.

The Indianapolis boys hope to-day
 to come out on top. They feel ex-
 ceedingly obliged at their defeat.
 Aspenal, betting in three to one in
 favor of the Golden Eagles. Mr.
 Jones will not play to-day, as he
 is injured.

Frank W. Willson, a train di-
 patcher on the Grand Rapids road,

THE STATE CAPITOL.
 Interesting Letter From Our Fel-
 low Townsman, Hon. I. D. G.
 Nelson—His Residence—
 The Grand State
 House.

To the Editor of The Sentinel:
 INDIANAPOLIS, July 19, 1882.
 Dear Sir:—In THE SENTINEL of
 the 17th inst. you say "Mr. I. D. G.
 Nelson, of Indianapolis, is visiting
 relations in Fort Wayne." I wish to
 correct the impression, if such pre-
 vails, that I, or my family, are resi-
 dents of Indianapolis. Such is not
 the case, although I am necessarily
 here most of the time at present, in
 the discharge of my official duties as
 state house commissioner. My wife
 and daughter are here and at Fort
 Wayne as convenience or necessity
 requires. Our home is at Fort Wayne,
 where it has been for the past forty-
 six years. It is the only place where
 I pay any personal taxes, or have a
 right to vote, and where all my social
 and domestic obligations center, and
 duties as an officer of home organiza-
 tions of different kinds are discharged.

Being frequently inquired of when
 at home of the extent and dimensions
 of the state house building, its cost,
 and the length of time probably re-
 quired to complete it, etc., I would
 remark that the following description,
 given at the time of laying the corner
 stone, is in the main as accurate as it
 can be given now, and will be of in-
 terest probably to your readers, such
 at least as have never seen it described.

"The plan of the building in out-
 line is that of the Greek cross, some-
 what modified in form by bold pro-
 jections, giving depth of shadow in
 perspective, and great strength in con-
 struction. The length from north to
 south is 492 feet; width, on south and
 north fronts, 185 feet; depth, east
 and west of central projection, 232
 feet. Including basement there are
 four stories. The floor of first story
 is 14 feet above the level of the street,
 and includes the offices of the various
 departments of the state service. The
 second floor 20 feet above, contains
 the legislative halls, supreme court,
 state library and the various offices
 attached to each. The third floor
 contains the lobbies of legislative
 halls and committee rooms. On each
 floor a grand corridor 68 feet wide
 extends the entire length of the build-
 ing, being supported by a double row
 of marble columns, piers and pilasters,
 and lighted from attic to basement
 with ample sky lights. The distin-
 guishing feature of the building adding
 grandeur and dignity to its ap-
 pearance, is the dome, 72 feet in di-
 ameter, rising from the centre to a
 height of 234 feet above the ground.
 From foundation to roof it is con-
 structed of solid stone cut and dressed
 to exact dimensions, and enriched
 inside and out with niches, memorial
 pannels and elaborate cornices cut
 and carved in the solid walls. In
 perspective, the beauty, strength and
 harmony of the Corinthian order of
 architecture is successfully displayed
 in a rich combination of appropriate
 columns, pilasters and pediments—the
 whole presenting a monument of archi-
 tecture worthy of the state and the
 age."

The building is now beginning to
 develop its proportions as the work
 progresses on the second story, and
 the grand corridor with its immense
 proportions, especially as since the 86
 massive marble pier and columns, and
 the 98 marble pilasters have been put
 in position on the first floor.

The time required to complete the
 work is somewhat problematical. It
 is an immense structure covering two
 acres of ground, that cannot be con-
 structed in a day. It is the largest
 building of the kind in the United
 States, not even excepting the famous
 Albany, N. Y., State House, upon
 which twelve or fourteen millions
 have already been expended, but we
 expect to shelter the next succeeding
 legislature after next winter. The
 work is being pushed, and is going on
 quite satisfactorily, with a force equal
 to nearly 400 men, including the vast
 amount of machinery employed, some
 of which is run night and day with
 the assistance of electric light.

The cost of the building is fixed by
 the legislature and the decision of the
 supreme court at two millions, and it
 will not exceed it. Whether it will
 be equal in appearance and as com-
 plete in all of its appointments as that
 of any similar building of the same
 or much greater cost, will be the sub-
 ject of proper criticism when the
 work is completed and turned over to
 the state.

A Desperate Fight.
 Last evening two well known young
 fellows, Jeff Williams and Joe Druiett,
 indulged in a terrible fight at Wil-
 cox's saloon. Williams was standing
 near the bar when Druiett entered and
 accused him of having struck a friend
 of his on the Fourth. High words
 followed which led to blows, Williams
 getting his opponent's head in
 chancery and badly punishing him.
 During the fight Williams got Druiett's
 fingers in his mouth chewing them
 almost to the consistency of jelly. In
 turn Druiett blacked his antagonist's
 eyes. Both men wear very swelled
 noses to-day. The bruisers were sepa-
 rated before the police could inter-
 fere.

Mr. Mulchay Explains.
 M. J. Mulchay, the traveling man,
 whose name has been unpleasantly
 connected with the death of the un-
 fortunate Fanny Cresson, arrived in
 the city last night. He professes to
 feel shocked and insists that his
 friendship with the dead domestic was
 purely platonic. Regarding the ugly
 reports about his character circulated
 by a Detroit paper, Mulchay said that
 that journal had since retracted. The
 gentleman says he will be here for
 some time and people can judge him
 from his daily walk and conversation.

Col. E. L. Chittenden will return
 to-morrow. Though he was elected an
 honorary member of the Y. M. C. A. of
 New York, we regret to know that he
 chose to put in most of his time at
 such ungodly resorts as Harry Hill's
 and the "Buckingham." We pre-
 sume 'Ras will try to explain by
 affirming stoutly that he was dis-
 tributing tracts.

The Opinion of A Physician.
 A physician writing of Dr. Guyon's
 Yellow Dock and Sarsaparilla, having
 carefully analyzed its ingredients,
 says: "I feel enthusiastic over this
 great health renewer. There can be
 no other remedy so harmless and yet
 so effective. No other possible
 combination of drugs will more
 rapidly assist nature in hastening the
 cure of general ill health. In chronic
 diseases of the lungs, liver and kidneys
 and nervous system, it is especially
 beneficial. In its composition I was
 especially pleased to find Iron, Clery
 and Juniper combined with the
 Sarsaparilla and Yellow Dock. Iron
 of itself is seldom beneficial, but in
 connection with such valuable vege-
 table tonics its effects will at all times
 have a tendency to promote health
 and strength."

Mr. M. A. Coons, of Ripley, O.,
 writes: "I have been taking Dr.
 Guyon's Yellow Dock and Sarsapa-
 rilla for impure blood, weak kidneys
 and liver complaint. I found it very
 effective. What pleased me was its
 mildness. When I left off taking it
 there was no craving for its further
 use, nor was there any reaction and
 consequently no renewal of my com-
 plaint. I think a great deal of the
 medicine and recommend it strong-
 ly."

The cigar makers of this city go to
 Warsaw to-morrow afternoon to play
 a game of base ball with the cigar
 rollers of that town. The Pittsburg
 road will sell round trip tickets to
 Warsaw for \$1.65. Tickets good till
 Monday.

A Heavy Swell.
 Jacob H. Bloomer, Virgilia, N. Y.,
 writes: "Thayer Electric Oil cured
 a badly swollen neck and sore throat
 in forty-eight hours." My wife was
 also cured of a lame foot in twenty-
 four hours."

THE CRYSTAL.
 Messrs. Wagner and Cannon
 Establish a Veritable Palace
 at 88 Calhoun Street—
 Grand Opening To-
 morrow Evening.

A few weeks ago Messrs. Wagner
 and Cannon leased the store room at
 No. 88 Calhoun street, and began
 making extensive repairs in the same,
 for the purpose of establishing a
 liquor store. New flooring was put
 in, the building was handsomely re-
 painted. Paper of an exquisite de-
 sign covers the wall, and from the
 centre of the ceiling is
 suspended a beautiful glass chandel-
 ier. The bar fixtures are the most
 costly, and no pains were spared to
 make them models of artistic work-
 manship. The choicest wines and
 liquors are in their stock and the best
 beer manufactured will be sold over
 the bar. The place has been styled
 the "Crystal Palace," and certainly
 no more appropriate title could be
 given it. To-morrow evening Messrs.
 Wagner and Cannon will give their
 grand opening and no efforts will be
 spared to make the occasion worthy of
 note. A game lunch will be served
 to-morrow evening and daily there-
 after. The proprietors of the "Crys-
 tal Palace" are well known to our
 citizens as gentlemen who understand
 the art of catering to the tastes of
 their patrons. The place will be gen-
 tle and no doubt rank as a favorite
 resort. To the grand opening to-
 morrow evening everybody is invited
 and Messrs. Wagner and Cannon will
 be there to extend a hearty welcome to
 all.

95 Per Cent.
 of all diseases arise from deranged kid-
 neys and liver, and it strikes alone at
 the root of the difficulty. The elements
 of which it is composed act directly upon
 these great organs, both as a food and a
 restorer, and, by placing them in a healthy
 condition, drive disease and pain
 from it.

For the numerous troubles caused by
 uncleanly kidneys, liver and urinary
 organs; for the distressing disorders of
 Women; for Malaria, and for physical de-
 rangements generally, this great remedy
 has no equal. It is a powerful purifier,
 and cures all diseases of the kidneys,
 liver and bowels, and is as just as
 gold.
